Pet ownership is a serious commitment that the entire household needs to consider and agree to before the animal is adopted. We want to ensure that each adoptive household is aware of, and willing and able to accept the physical and financial responsibilities of pet ownership. Not everyone who desires to own a pet is ready to properly care for one. This questionnaire will assist both you and us in determining if your household is prepared to assume the role of responsible caretaker for a rescued animal. Thank you for filling it out!

You also understand that if you are approved, you may have to wait until a dog enters rescue that NCAR believes is a good match for you and your family.

We ask that you please contact your reference(s) and let them know that it is okay to release information to NCAR.
